ACTIVITIES

2007 - now **"7D²" STUDENT SOCIETY – FOUNDER AND PRESIDENT**
7D² is focusing on helping talented students to develop their capacities by working on open source multimedia projects in partnership with companies like Intel and Microsoft. Here is some of the work I did with that society:
- Organized PROJECT HOSHIMI, a French .NET programming competition.
- Developed METACHESS, a Java universal chess player with AI.
- Designed 7D² WEBSITE, a 100% self-coded internet portal.

2009 - now **INTEL SOFTWARE PARTNER PROGRAM – PROGRAM MANAGER (7D²)**
The goal of this partnership with Intel is to learn how to optimize software applications for brand new Intel multi-core technologies.

2010 - 2011 **MSDNAA.INSA-LYON.FR – SERVER ADMINISTRATOR**
Support services to INSA students and teachers with software downloads in the context of our school's MSDN Academic Alliance.
